REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of H.E. Corley Elementary School, in collaboration with parents and the community, is to empower students in a safe, nurturing, and stimulating environment to become lifelong CHAMPS, embracing our five essential traits: strong Character, Healthy living, high Achievement, good Manners, Positive thinking, and community Service. During the 2007-08 school year, H.E. Corley Elementary continued to meet Adequate Yearly Progress as outlined by the federal No Child Left Behind Act.

The top priority at HEC continues to be student achievement. Our staff believes that professional development is the key to student success. Through the South Carolina Reading Initiative and our literacy coach, we are making great strides to implement a balanced literacy approach. Grade levels, coaches, and administration met for extended planning times for in-depth study of instructional strategies and best practices. Teachers attended local and state conferences and returned to share new, innovative ideas with colleagues. School-based professional development included a first look at how to include six Read Alouds per day, using data to determine instructional practices, and analyzing the books included in our classroom libraries.

We have increased the rigor of our instruction through the analysis of Measures of Academic Progress (MAP) test data, which is collected three times during the school year. Teachers used the data to form targeted teaching groups within their classes. Use of this data to make instructional decisions now plays a large role in teacher planning. Creating assessments that directly reflect sound instruction, utilize open-ended questions, and parallel high-quality student thinking was a goal for our math meetings. Summer planning will play a strong role in creating community among teachers and setting the stage for a strong school year. Our emphasis for 2008-09 will be to seek ways to close achievement differences between the varieties of student groups.

Building a safe and nurturing learning environment continues to be a focus at HEC. The School Improvement Council focused on serving healthy foods. We now have salads and fresh fruit available for students every day. Our Corley CHAMPS program continues to recognize children for the development of strong positive character traits. Reduced numbers of student office referrals is a direct result of this program. Our school received two awards for our recycling efforts. One from Lexington County for reducing waste and the other from Keep the Midlands Beautiful (\$300). Our fourth and fifth graders served as news correspondents and live TV news anchors each morning when they presented the Corley News Network (CNN). HEC commends and thanks our PTO for their generous efforts toward school improvement. Their wonderful support has made a difference to our school family. Their donations allowed the school to invest in classroom tables, meet the needs of specific grade levels, and assist students who could otherwise not afford fieldtrips. Their wonderful support, both physical and financial, has made a difference for our school family.
